BROWARD COLLEGE

OMNI AUDITORIUM
NORTH CAMPUS

10:00 a.m.
and
1:30 p.m.

Broward College joins over 100 colleges and universities across the country in urging spring 2010 graduates to take the graduation pledge. Students who have signed the graduation pledge are wearing a green ribbon to recognize their commitment to social equity and healthy ecosystems. Faculty who support the students who signed the pledge are also wearing green ribbons.

ALMA MATER

Broward Gracious Alma Mater.
We thy name revere.
May each noble son and daughter cherish thine honor dear,
May thy lamp be ever bright guiding us to truth and light.
As a beacon o'er dark water.
This is for thee our prayer.

May the years be kind to Broward.
May she grow in fame,
May her children fail her never.
True to her beacon flame,
May her spirit brave and strong honor right and conquer wrong.
This is the burden of our song.
Ever her truth proclaim.

COMMENCEMENT SPEAKER

Barrington Irving

On June 27, 2007, 23-year-old Captain Barrington Irving secured his place in history as the youngest person and first black pilot to fly solo around the globe. On his 97-day journey, he flew 30,000 miles in a single-engine aircraft called Inspiration, encountering thunderstorms, snow storms, icing, sand storms and monsoons along the way. His purpose in making the trip was to show other youth that if he could achieve his dream, they can too.

Born in Kingston, Jamaica and brought up in inner-city Miami, Barrington saw a football scholarship as his only route to college. But at 15, he met a Jamaican airline pilot, Captain Gary Robinson, whose mentoring helped motivate him to pursue a career in aviation.

In 2005, Barrington founded the Miami-based nonprofit organization Experience Aviation, Inc. (EA) to introduce other young people to career opportunities in the field. In 2006, he opened the EA Learning Center that provides middle and high school students with an after-school "Discover Aviation" program that includes career guidance. In the summer of 2007, the Center launched a 10-week program entitled Build & Soar that gave 60 students the opportunity to construct a Zenith XL aircraft. To show these students he believed in them and their abilities, Barrington piloted the test flight for that plane in October 2008, with the local and national media, sponsors, friends, and more than 4000 students from Miami-area schools in attendance.

In February, 2007 on Capitol Hill, Barrington was presented with a Congressional Resolution honoring his achievement and acknowledging his pioneering work in the field of aviation education. Two months later, the Florida State Senate awarded him their highest honor, the Medallion of Excellence.

For more information about Barrington and Experience Aviation, visit www.experienceaviation.org.

COMMENCEMENT SPEAKER

Dr. Lois Bolton

Dr. Lois Bolton currently serves as the provost of the Central Campus of Broward College in Davie. She earned her bachelor's and master's degrees in biology at Mankato State in Minnesota, and her doctorate in education at FIU.

She joined the College as a professor of biology in 1983. Four years later she moved into administration, and in that capacity she has held several positions including science department head and academic dean.

Dr. Bolton has served as a member of the Davie-Cooper City Chamber of Commerce Board, the Education Committee of the Davie-Cooper City Chamber, the Davie Economic Development Council, the Urban League Youth Empowerment Advisory Committee, the Broward County United Way Campaign Cabinet, and the South Florida Education Center Transportation Management Association Board.

2009-2010

Professors Of The Year

Each year at the May Commencement, Broward College honors five faculty members who have been selected by students, faculty and staff for their outstanding contributions to teaching and learning. These distinguished Professors of the Year are recognized for their high standards, commitment to excellence and dedication to students. In honoring them, the college community is also recognizing the many dynamic, competent and caring faculty members at Broward College for whom teaching is a true vocation.

ACADEMIC COSTUME

In the medieval universities, students and teachers wore gowns indicating their status and scholastic achievements. European institutions still show great diversity in the specifications of academic dress, but American colleges and universities preferred to adopt some definite system which all could follow. Accordingly, in 1895, at Columbia University, an intercollegiate commission drafted a uniform code for the use of caps, gowns and hoods. These standards, with few revisions, are still in effect. Broward College will follow the Academic Costume Code.

Four academic degrees are generally recognized: the associate, the bachelor, the master and the doctor. The associate degrees (associate in arts and associate in sciences) are offered by the standard two-year junior colleges. The other three are conferred by universities and colleges. The bachelor's or baccalaureate degree takes its name directly from the medieval practice of "bachelors" wearing a garland of bayberries. The master's degree was equivalent to a license to teach, and sometimes was followed by the express words *Licentia Docendi*. The doctor's degree, when earned by study, indicates advanced study and independent research in a specialized field of learning. Honorary degrees are granted for meritorious service and for distinction in public or private endeavor.

Those holding a bachelor's degree wear a black gown fastened at the top, distinguished by long pointed sleeves hanging nearly to the knees. The master's gown, worn open, has long closed sleeves with an arc of a circle appearing near the bottom and a slit for the arm near the middle of the sleeves. The doctor's gown, usually worn open, is made of silk, faced with a broad strip of velvet, and has three bars of velvet on each sleeve. A hood made of the same material may be worn with the gown. The bachelor's hood is three feet long, with a two-inch strip of velvet; the master's hood is three and one-half feet long, faced with a three-inch strip of velvet; the doctor's hood is four feet long, faced with a five-inch

strip of velvet. The color of the tassel or velvet strip on the hood indicates the field of study in which the degree was earned or granted, as for example: ARTS, white; SCIENCE, golden yellow; EDUCATION, light blue; ENGINEERING, orange; MUSIC, pink; LIBRARY SCHOOL, lemon yellow; BUSINESS, drab; JOURNALISM, crimson; LAW, purple; THEOLOGY, scarlet; PHILOSOPHY, dark blue. Each hood is also lined in silk with the colors of the institution which granted the degree, as for example, garnet and gold for Florida State University, orange and blue for the University of Florida.

The appropriate cap for all degrees is the familiar black "mortar board." A tassel, black or a color signifying the field of specialization, is worn hanging to the left of the face. Those holding a doctor's degree may wear a soft velvet cap of the color indicating their field of study, or with the mortar board, they may wear a tassel in gold or in part of gold thread.

The mace, carried by the parade marshal, is a symbol of the authority vested in the college president. In medieval times, it was a weapon of war which was effective against the strongest armor and was used chiefly by knights. Maces were often borne by a royal bodyguard to protect the king in processions, but in the course of time (by the 14th century) they assumed more ceremonial functions and lost their warlike appearance. A mace is carried in academic and ecclesiastical processions, particularly in English-speaking countries.

At Broward College, academic distinction is noted by the addition of one or both of the following to the graduate's regalia: The tri-cords in royal blue, white, and antique gold represents the academic distinction of membership in the Honors Institute. The gold satin stole and gold tassel represents the academic distinction of membership in Phi Theta Kappa.

PHOTOGRAPHS

Parents and Friends taking photographs are asked not to block the vision of other guests or interfere with the routes of our graduates. The placement of tripods and other equipment that may interfere with the ceremony is prohibited. Please follow the instructions of our ushers.

Commercial photographs of the graduates will be prepared by GradImages, Inc. Names and addresses of participating graduates will be provided by students to the photographer for subsequent communications. Free proofs will be emailed within one week.
